Prerequisites

There are no prerequisites to take this 10 hour OSHA training course. Students need to be able to verbally communicate with instructor in primary language of the training.

Training Requirements for 10 Hour OSHA Construction Safety & Health Program

As per New York City Local Law 41 from 2008 all individuals performing construction work at major buildings shall have successfully completed, within the previous five calendar years, a ten hour course approved by the United States Department of Labor Occupational Safety and Health Administration in construction industry safety and health, or by the commissioner covering substantially the same material.

Audience

Entry level workers, employees on publicly-funded projects in NY, and other personnel connected to roles that require an awareness of safety and health concerns in the construction industry.

Course Description

This 10 Hour OSHA Outreach training is designed to promote workplace safety and health and to make workers more knowledgeable about workplace hazards and their rights.

This Outreach program emphasizes workplace safety and health, the role of the construction worker in hazard recognition and avoidance, workers' rights, employer responsibilities, and how to file a complaint.

Learning Outcomes

Upon completion of this OSHA training course, the student will be able to:

- Recognize worker rights and employer responsibilities under OSHA
- Identify major hazards that are predominant when using stairways and ladders on construction site
- Define methods of controlling four main health hazards that construction worker may be exposed to
- Identify ways to select appropriate personal protective equipment (PPE) and life saving equipment
- Identify major focus four hazards and describe ways to prevent worker's exposure
- Explain risks associated with unsafe use of scaffolding equipment on construction site

Completion Requirements

Students are required to complete 100% of the course and actively participate in all learning activities.

Per OSHA Outreach Training Program requirements, Rev April 2017, a student is eligible for makeup training only if they have completed at least 50% of the contact hours for the training PRIOR to their absence. It is the responsibility of the student to contact USIS to schedule a make-up session within 6 months of the original class date.
